› Lotus Developers

Lotus Developers presents a diverse portfolio of ultra-luxury and luxury residential and commercial properties. We seek to enhance the value of our projects by creating a better living environment through the provision of comprehensive community facilities and by engaging experts in various specialized fields. Our core competency lies in professionally managing the real estate value chain as our in-house teams oversee every project stage, from conceptualization to completion. Our projects go through meticulous market research and analysis to identify suitable locations.

Mumbai's position as the commercial capital of India, together with the demographics of high-income customer base and an expanding segment of young professionals provide a substantive market for our projects – ultra luxury and luxury residential properties in the western suburbs of Mumbai. Our commitment to customer satisfaction and safety has garnered us several satisfied clients over the years.

>About Lotus Juhu Half Marathon

The **Lotus Juhu Half Marathon** is one of Mumbai's most loved community running events, bringing together fitness enthusiasts, amateur runners, seasoned athletes, and families under one platform for a noble cause. Major Surplus of this event goes to pediatric heart surgeries.

Organised by **Get Fit Through Sports Foundation and Rotary Club of Mumbai Airport**, JHM promotes health, endurance, discipline, philanthropy and community bonding. Over the years, the event has grown into a celebration of fitness and responsible running, supported by civic authorities, medical teams, volunteers, and partners who ensure a safe and professionally managed experience.

We welcome you to the 2026 edition and wish you a strong, safe, and memorable run.

Vimal - Stepping into the 40th year with a legacy of trust & excellence

Vimal Group, an ISO 9001: 2008 Certified & CARE rated company, is a market leader in distribution of chemicals & related services in India. Headquartered in Mumbai, the company operates a national network with 2 regional offices and warehouses in 6 locations. The company caters to diverse end-use industries such as coatings, adhesives, construction chemicals, wire & cable, leather, packaging, personal care, pharmaceuticals, water treatment, textiles, paper, agriculture and related industries.

As a preferred partner for chemical manufacturers, the company serves as the vital link between suppliers and customers, offering B2B solutions. Rooted in their mission, they connect customers and suppliers through value-added services, including application technology, technical support, just-in-time delivery and efficient inventory management, solidifying their reputation as a reliable and dynamic force in the chemical distribution industry. Their collaborative approach with clients ensures the delivery of value-driven solutions, positively impacting both business and the world.

VIMAL INTERTRADE PVT. LTD.
The Chemical Distributor

Vimal LifeSciences Pvt. Ltd.
Touching Everyday Aspects of Human Life®

Vimal Group has the most strategic approach in the market today. They work with their suppliers as their extended arms by taking complete responsibility of the business and follow stringent quality standards. The company boasts of a well-resourced sales & marketing team who are technically qualified to understand product specifics, promote the products and offer timely assistance with product development to the customers. An equal emphasis on all regions and customer reach is ensured as they have their representatives serving most of the important regions.

In 2014, they formed a new company 'Vimal LifeSciences Pvt. Ltd.' to bring more focus to ingredients and technologies related to Personal Care, Home Care, Flavour & Fragrance, Pharmaceutical, Nutraceuticals and Food & Beverages segments which are the fastest growing segments in India. Going by their mission- Total Solution Provider, they set up Technical Service & Innovation Centre (TSIC) in Mumbai, which is a well-equipped lab with complete range of modern lab equipment to support development of formulations across categories. Highly qualified and experienced personnel in TSIC help the customers find solutions to their formulation issues; providing effective and proactive and faster technical solutions to customers. The Innovation Center is also a part of the global technical expertise of the global supplier partners that aids in providing technical solutions to customers, thereby helping the customers using up-to-date technological breakthroughs involving various ingredients being supplied by Vimal.

The core strength of the group is providing incessant services to the customers in terms of strong logistics support. They have one of the strongest supply chain network in the industry. With strategically placed central, regional and local warehouses, Vimal group ensures swift deliveries, reaching most customers promptly.

Their mother warehouse, located in Wada is an extensive facility that spans around 1,25,000 sq.ft with a holding capacity of around 20,000 mt of material at once. It is a multi-client facility, which is of NFPA NBC 2016 standard and is ISO 9001 certified & ISO 14001:45001 compliant. The facility is also well-equipped and certified to solvents classified under Class 2, 3, 4, 5, 6, 8 & 9 as per International Maritime Dangerous Goods (IMDG).

VIMAL LOGISTICS PVT. LTD.
A Customized Warehousing Experience

Clients trust their team and service for the start-to-finish delivery of top-tier chemical products, consistently on schedule. While sourcing and ex stock sales form their business core, they bolster their supply chain with Vimal Logistics Pvt. Ltd., offering end-to-end logistic support. Their collaboration with transporter partners ensures value for carriers and cost-effectiveness for customers in inbound and outbound consignments. This approach allows Vimal Group to provide unparalleled services to both customers and suppliers.

As a forward looking organization, Vimal group continues to focus on investing in the growth of their supplier partners by driving extraordinary value, responsibly, and through competitive cost advantage and innovative solutions.

›Nanavati School: Empowering Tomorrow's Leaders Today

Nestled in the heart of our vibrant community, Nanavati School stands as a beacon of purposeful education, guided by the Trustees' vision: Empowering the Future. We believe every child carries within them the promise of change, and our nurturing yet progressive environment is designed to ignite that potential with confidence and character.

Our mission ,Learning with Sustainable Development; to Develop Collective Intelligence,shapes every school experience provided to the students. Rooted in Gandhian ideals of truth, service, and self-reliance, we cultivate not only academic excellence but also integrity, empathy, and social responsibility. From Nursery to Class X, with strong academic grounding for higher secondary ISC readiness, our students experience a seamless, future-focused journey.

Our beautiful campus with spacious classrooms, vibrant outdoor play areas, and dedicated wellness spaces fosters balanced growth of body, mind, and spirit. Music, Drama, Dance, Martial Arts, Mindfulness, Sports, Fine arts, and Community outreach activities are woven into their experience for a holistic growth. Through competency-based learning, experiential projects, STEM innovation, sustainability initiatives, and collaborative problem-solving, students develop critical thinking, adaptability, and leadership skills essential for the evolving world.

At Nanavati School, learning is joyful, inquiry-driven, and deeply relevant. Our passionate educators serve as mentors, guiding each child through personalized attention and high expectations. Strong partnerships with parents and a proud network of accomplished alumni further strengthen our thriving ecosystem. More than an institution, Nanavati School is a community, a place where values meet vision, and young learners grow into resilient, responsible global citizens ready to shape a sustainable tomorrow.

Join us in empowering the future!
